

## Beginning 2021 - Rebates for No-Cost, Low-Cost LEDs

- New rebate program for buildings served by So Cal Edison providing no-cost or low-cost LEDs.
- Energy cost can reduce 50% to 70% and lighting maintenance cost can be eliminated for years.
- A no-cost facility visit gets data and produces report of LEDs to be supplied and energy savings.

**GUIDING ENERGY AND REBATE STRATEGIES FOR COMPANIES SINCE 1976**

**CB Richard Ellis -----** Your program led to many new projects, which otherwise would not have happened.

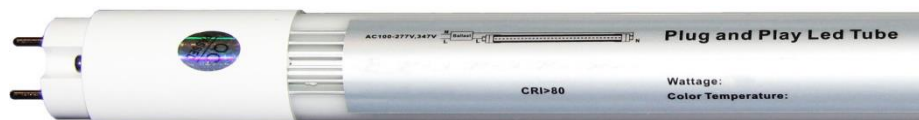

**UCLA Health ---** We replaced fluorescent T8 lighting with LEDs at no cost in multiple UCLA Health locations.

**Hilton Hotel ----** You cut our energy cost at our Glendale Hilton, Sheraton, Ritz Carlton, Marriott and others.

**California Energy Commission -----** You delivered 17,000 kilowatts of demand reduction for 350 buildings.

**BOMA- Building Owners & Mgrs Assn ---** You provided opportunity companies might not find on their own.
